HOW TO MEASURE FOR BEST FIT

FIT NOTES

- Measurements are listed in inches.
- For best fit, measure over light clothing.
- When selecting your size, use the largest upper-body measurement, whether that is your chest or stomach area, to ensure a comfortable fit.
- If you are between sizes, size up for comfort and mobility.
- Tall sizes add length through the body, sleeve, & inseam.
- Contact Goodfish Coveralls for sizing support.
